FG future – official statement

Dear FG importers and retailers,
dear FG customers and model friends,

the last months were dominated by speculations, doubts and trembling uncertainty regarding the future of FG Modellsport. The continuity of the “FG” brand name was always my primary concern. I am now very pleased that with T2M located in France we found a competent successor within the model industry. Therefore service, spare parts supply and new developments are ensured for the future. T2M has supported us as partner and importer for France since the foundation of FG Modellsport.

The further processing will be as follows:

The facility in Winterbach will be closed at March 31st, 2014. All orders (also concerning our online shop) incoming until March 19th will be attended and delivered from Winterbach. Move of production and stock department to France will start in calendar week 13/2014. Your further orders will be handled smoothly from the location in France starting in the beginning of April.

Following you will find the contact details of T2M:
